

How to get your students to think Entrepreneurially

6 Steps to Lifelong Learning by Julian 'The Ultrapreneur' Hall
Founder of Ultra Education

Solutionary

01

solutionary

(noun)

a person who offers a revolutionary solution.

Activity: Get your learners to think of a solution to a problem they care about at school, home or community. Then get them work out how they can multiply its impact by 10.

Disruptionist

02

disruptionist

(noun)

a person who makes normal better, much better.

Activity: Get your learners to challenge their peers solutions and try to improve them.

Profithere

03

profitthere

(noun)

**a person who can make money here
without losing money there.**

Activity: Get your learners to discuss what risks are involved with their solution and how they can be minimised.

Scalehero

04

scalehero

(noun)

a person who solves a problem and shares it with others.

Activity: Get your learners to discuss how other businesses or organisations can use their solutions.

Awarious

05

awarious

(noun)

a person who is curiously aware, always learning.

Activity: Get your learners to take their learning out of the classroom. For example get them to feedback what they have learned with their family or a professional.

Mustaker

06

mustaker

(noun)

a person who makes the mistakes they have to make.

Activity: Allow the learner to make mistakes. Let them identify what mistakes are likely or inevitable and how they can learn from them.
